and
Mrs. Kelli

March's weather certainly has us all looking forward to spring weather sticking around! We hope everyone had a wonderful Easter with family and/or friends. We are starting April with our Trike-A-Thon to raise money for our scholarship fund. We want to thank everyone who collected donations to help with this fund. We are truly blessed to be able to help families in need attend Trinity every year through our scholarship fund. We are beginning next month with some teacher training! Please make note that there is no school Wednesday, May 1st! Then no p.m. classes on Thursday, May 2nd, and no school on Friday, May 3rd. Wednesday we will be preparing for conferences, then Thursday and Friday we will begin our annual Maryland State Child Care Conference to learn some new and helpful things to make us better teachers!

3's News

March went by so fast, and we went through so many seasons in one month! We loved ending the month with a beautiful spring day hunting for eggs and visiting the Easter bunny. March definitely went out like a lamb as far as our preschool days went! This month we hope to have a lot more of that spring weather to get outside and play! We start off right away with our trike-a-thon. Then our month is pretty quiet after that giving us plenty of time to continue with our ABC's and 123's! We have lots of fun activities, arts and crafts, this month. We also plan to sneak in as much sunshine as we possibly can!

4's News

Even though March ended with a rainy day for us, it couldn't spoil the Easter fun! We truly enjoyed having all our families join us for such a fun end to March and our last school party this year-so bitter sweet! Hard to believe our year is starting to wind down and will be over before you blink! April is a relatively quiet month. We start off this Friday with our Trike-a-Thon. That is always so much fun for the kids. After that we just have library day this month. Which leaves us lots of time to work on our names, writing, letters, and so much more! Our friends (most) still continue to struggle on some aspect of their name-so that will continue to be a focus this month, as well as, letters and sounds of the alphabet. Please know they are not expected to know all the letters and especially not all the sounds, we just work on helping them know as many as possible by the end of the year! We will also continue to work on rhyming and syllables and other beginning steps to prepare for reading later in their journey. :)
